

ASHREEN KAUR

kashreen13@gmail.com ♦ [Portfolio](#) ♦ [LinkedIn](#) ♦ [GitHub](#) ♦ [Kaggle](#) ♦ [Google Cloud](#)

EDUCATION

Vellore Institute of Technology, Bhopal
Bachelor of Engineering, Computer Science

2023 – 2027
CGPA: 8.43/10

EXPERIENCE

Backend Developer Intern | Friday AI Private Limited (Remote)

May 2026 – Present

- Engineered RAG pipelines and agentic AI workflows using embeddings to power context-aware features in a production environment.
- Contributed to successful project delivery by supporting backend integration tasks across data ingestion, API development, and AI system logic.

CASE STUDIES

ClaimSwift – Health Insurance Feature Design

Product Strategy | Groww APM Case

[Link to Case Study](#)

- Identified a gap in India's health insurance market via primary surveys and IRDAI data (9,500+ annual repudiations, Rs 865 Cr); proposed "ClaimSwift" on Tata 1mg with end-to-end user journey and AI-powered denial prediction.
- Prioritized features using a problem-to-solution map targeting 65% of users unaware of claiming; defined success metrics across adoption (User Activation Rate), retention, and NPS.

Women's Participation Growth – A23 Rummy

Growth Strategy | Feature Prioritization

[Link to Case Study](#)

- Diagnosed low women's participation across the Awareness–Loyalty funnel via hypothesis-driven user research; prioritized 3 features (P2P lending, private tables, women-centric rewards) using an impact-vs-ease framework.
- Proposed P2P transactions per female user, ARPU, and retention rate as success metrics to measure feature adoption and revenue viability.

PROJECTS

Personal Portfolio Website

React, Netlify, Vibe Coding | [Live Site](#)

- Built and deployed a responsive portfolio showcasing 5+ projects using AI-assisted vibe coding; 99.9% uptime via Netlify CI/CD.

OpenGL City Skyline

C++, OpenGL | [GitHub](#)

- Developed an animated 3D city skyline with texture mapping, geometric modeling, and optimized rendering for smooth multi-object visualization.

SKILLS

Product	User Research, Funnel Analysis, Feature Prioritization, Growth Strategy, Metrics & KPI Definition Product Roadmapping, A/B Testing, User Journey Mapping, Stakeholder Communication
Domains	Data Science, Data Analytics & Visualization, Generative AI, Software Development
Languages	Python, SQL, C/C++, Java
Libraries	Pandas, NumPy, Sklearn, Seaborn, Plotly, Streamlit
Tools	Google Cloud Platform, Git/GitHub, Kaggle, AI Tools (GPT, Gemini, Claude, Perplexity)

ACHIEVEMENTS & CERTIFICATIONS

- Kaggle Intermediate Machine Learning: [Completion Badge](#)
- Google Cloud Introduction to Generative AI: [Completion Badge](#)
- Google Cloud Prompt Design in Vertex AI Skill Badge: [Completion Badge](#)
- Google Cloud Real World AI Applications with Gemini and Imagen: [Completion Badge](#)
